

PRESENTATION OVERVIEW:

**THE SECRET TO POWERFUL LEADERSHIP**

No beating around the bush. Here's my secret formula.

But I don't give the secret away unless you take a secret oath.

And you'll have to attend my session to know what all that means – otherwise it wouldn't be a secret.

What I can tell you - it's based on my registered IP "Fractal Leadership<sup>®</sup>"

This is the next generation of leadership thinking that will become the norm over the next 15-20 years.

It's both unique and powerful because it is the only paradigm that integrates:

- ✓ Effective individual performance
  - ✓ Effective leadership, and
  - ✓ Effective organisation design
- all in the one model

My *Secret to Powerful Leadership* presentations give five keys to being an extra-ordinary leader from the inside out. Participants can then go and create an extra-ordinary organisation from the inside out.

I look forward to being the catalyst for your leadership team. Call me to discuss your needs and how we can personalise the session for you.

Regards
